COLLECTABLE PROGRAM

RAA BAY to BIRDWOOD

The RAA Bay to Birdwood starts at West Beach, on the lands of the Kaurna people, and concludes in Birdwood, on the lands of the Peramangk people. We pay our respects to Kaurna and Peramangk elders past, present and emerging, and acknowledge their ongoing custodianship of these lands.

The History Trust of South Australia acknowledges the First Nations Peoples of South Australia, whose living cultures and connection to Country began in time immemorial and continue into the present. We affirm our commitment to the truth telling called for in the Uluru Statement from the Heart as a necessary contribution to reconciliation.

PROGRAM

SUNDAY 19 OCTOBER 2025

THE START - BARRATT RESERVE, WEST BEACH

- 6:15 am Gates open at Barratt Reserve, West Beach Parks
Breakfast and coffee available
- 8:00 am Welcome to Country and Smoking Ceremony
- 8:15 am First vehicles leave

THE FINISH - NATIONAL MOTOR MUSEUM, BIRDWOOD

- 9:15 am First vehicles arrive the National Motor Museum
- 10:00 am National Motor Museum gates open
- 11:30 am Atlantic Street Band performance
- 12:10 pm Welcome to Country and Smoking Ceremony
- 12:30 pm Fashions on the Field competition
- 1:30 pm Announcement of award winners and presentation of trophies
- 2:30 pm Parade vehicles begin to depart Birdwood
- 5:00 pm National Motor Museum gates and grounds close

OFFICIAL ROUTE

START
Barratt Reserve
West Beach Rd
West Beach

The site map illustrates the layout for the RAA Bay to Birdwood event. The event area is bounded by Military Rd to the north and west, and Tapleys Hill Rd to the east. West Beach Rd runs along the southern boundary. Key features include:

- Entrances:** Gate A (West Gate), Gate B, and the East Gate.
- Facilities:** Motorcycles, Event Office, PA, Services, and various facilities (toilets, first aid, disabled access) are located near the Start line.
- Displays:** Displays for 1951-1995 and 1936-1950 entrants are located near the Start line.
- Awards Entrants:** Awards Entrants (Pre-1935 Veteran & Vintage) are located near the Start line.
- Legend:**
 - LARGE COMMERCIAL (Orange arrow)
 - ENTRANTS (Yellow arrow)
 - MOTORCYCLES (Green arrow)
 - AWARDS ENTRANTS PRE-1935 VETERAN & VINTAGE (Pink arrow)
 - DISPLAY (Blue arrow)

GOVERNOR OF
SOUTH AUSTRALIA

Her Excellency
The Honourable Frances Adamson AC

The RAA Bay to Birdwood pays tribute to South Australia's strong motoring culture.

It celebrates the vehicles of our past and our personal histories: the cars we sat in as children on long family trips, our first car as a young person, the car we used to bring our first child home from hospital.

South Australia's proud manufacturing legacy lives on through the vehicles we celebrate today, from the Holden Commodore to the Chrysler Valiant to the Mitsubishi Magna.

My first memory of a family car is of a 1960s Valiant. My grandmother was very fond of a Sunday drive and I remember, not altogether happily, winding our way through the Adelaide Hills. Times have changed, and as co-patron of the Bay to Birdwood with my husband Rod Bunten, I can assure you my adult self is very happy to participate in the run!

This year Rod and I are honoured to travel, as part of 1500-strong cavalcade of historic vehicles, in a 1959 Chrysler Royal - another South Australian icon.

It's a great experience to witness the thousands of spectators who line the 67-kilometre route from West Beach to Birdwood, sharing stories, laughter, and admiration for these remarkable machines.

I'm also pleased to join drivers, riders, and passengers at the Finish Festival, to present the Concours d'Elegance, Preservation, and EV Conversion awards.

These awards highlight the beauty and authenticity of these vehicles, as well as the dedication and innovation of their restorers and owners.

Whether you're on the road or enjoying the festivities in Birdwood, the Bay to Birdwood offers a rare opportunity to see history in motion - and to reflect on the enduring legacy of the vehicles that helped shape our lives.

Her Excellency The Honourable Frances Adamson AC
Governor of South Australia

PREMIER OF
SOUTH AUSTRALIA

The Honourable Peter Malinauskas MP

It's a great pleasure to welcome everyone to 2025's Bay to Birdwood, a truly iconic Adelaide tradition that draws motoring enthusiasts from all over Australia to our beautiful city and magnificent Hills.

On Sunday, 19 October, more than 1500 lovingly maintained classic vehicles will gather at West Beach to wind through 67 kilometres from the coast through the Adelaide Hills to Birdwood, cheered by over 90,000 spectators along the way.

It's been 45 years since the History Trust of South Australia's National Motor Museum hosted the first Bay to Birdwood. It is incredible to think that what was a small local celebration of historic vehicles back in 1980 has grown into what is now the largest continually held motoring event of its type in the entire world.

While our state's great motoring past will be on full display, the Bay to Birdwood also looks to the future via its recognition of EV conversions of historic vehicles: another example of the way our state is driving leadership in innovation and our state's clean energy transition.

I'm proud to lead a government that celebrates our state's magnificent variety of events and festivals, and the boundless enthusiasm of the motoring culture that is so integral to South Australia's unique identity.

So, whether you're behind the wheel of a classic vehicle, indulging in the peerless local food, wine, and entertainment at the Finish Festival, or simply sharing in the excitement along the route, I thank you for being part of this truly unique South Australian tradition.

Peter Malinauskas
Premier

MINISTER FOR EDUCATION, TRAINING AND SKILLS & MINISTER FOR POLICE

The Honourable Blair Boyer MP

It's a real privilege to once again take part in the RAA Bay to Birdwood. As both a participant and the Minister responsible for the History Trust of South Australia, I'm proud to celebrate this incredible event, which brings history to life in such a visible and joyful way.

Last year, I had the pleasure of driving the National Motor Museum's 1962 Ford Anglia 105E from the State History Collection – instantly recognisable to certain generations as the famous "flying car" from a certain wizardry franchise! Sharing the road with my family and waving to the many thousands of spectators reminded me how special this event is, not just for enthusiasts, but for families and communities right across the state and country.

Events like the RAA Bay to Birdwood are more than just a celebration of historic vehicles – they're living classrooms, teaching us about innovation, industry, and the people who shaped our state's proud manufacturing legacy.

It's in that same spirit of connecting past to future that we're investing in the next generation of skilled workers through the establishment of five new Technical Colleges across South Australia. These purpose-built facilities will support students in Years 10 to 12 to complete their SACE while undertaking vocational education and training (VET) in priority areas. The first two colleges are already open in Findon and Port Augusta, with The Heights, Limestone Coast, and most fittingly, the former Mitsubishi Motors site at Tonsley – home of automotive icons like the Valiant Charger and Mitsubishi Magna – to be open for the start of the 2026 school year. As a homage to yesteryear and with an eye to the future, the Tonsley Technical College will have an automotive stream teaching the next generation of mechanics about Electric Vehicles. We're providing young South Australians with direct pathways into high-demand manufacturing industries, ensuring our state's workforce remains strong and future-ready.

My thanks go to the History Trust of South Australia for continuing to steward this uniquely South Australian and Internationally recognised event, and to every participant whose dedication brings these stories to life. I look forward to seeing you out on the route.

Hon Blair Boyer MP
Minister for Education, Training and Skills
Minister for Police

CHIEF EXECUTIVE OFFICER RAA

Nick Reade

As South Australia's largest member organisation and a champion for mobility since 1903, RAA is proudly naming rights partner for the Bay to Birdwood for the next three years.

This partnership reflects RAA's deep connection to South Australia's motoring history and our support for the communities that drive it forward.

The RAA Bay to Birdwood celebrates this automotive heritage, uniting generations of vehicle owners, enthusiasts and spectators with a shared passion.

It's also a reflection of how vehicles have evolved, and where we're now embracing the next generation of mobility, from electric vehicles to active transport options. RAA is here to keep South Australians moving, safely and reliably – and that remains at the heart of everything we do.

RAA has a long and proud history with the Bay to Birdwood over many decades. This year, we're again proud to bring a piece of our own history to the event, with five historic RAA Road Service vehicles leading the parade from the coast to the hills. Our current RAA patrols will also be out en route, ready to assist with mechanical troubles on the day.

Whether you're behind the wheel, on the roadside, or joining in the festivities at the Finish Festival, I invite you to celebrate this iconic event.

On behalf of everyone at RAA, thank you to the organisers, volunteers, participants and passionate spectators who bring this tradition to life each year.

See you on the road.

Nick Reade
Chief Executive Officer
RAA

A SHARED JOURNEY

RAA AND THE BAY TO BIRDWOOD

RAA members in their vehicles at North Terrace ready to start the club's first run. The female driver in the white dress is pioneering motorist Florence Thomson. In 1904, Thomson became the first woman to drive from Adelaide to Melbourne. Photo courtesy of the State Library of South Australia, B8489.

The spirit of motoring has been at the very heart of the Royal Automobile Association of South Australia (RAA) since its inception. A history of passionate enthusiasts gathering to celebrate their vehicles and embark on road 'runs' is a heritage shared by the Bay to Birdwood, an event RAA is proud to support.

The story begins in the early 1900s, when motoring was an emerging and exciting pursuit. On September 30, 1903, 15 dedicated South Australians gathered at a cycling club and decided to form a new organisation focused entirely on the motorcar. The Automobile and Motor Cycling Club of South Australia was born. While the name 'RAA' would come later, the club's purpose was clear: to foster a community of motorists. Early activities included weekend drives, races, and hill-climb contests. The RAA's first club run took place on 31 October 1903, with members and a large eager crowd gathering on North Terrace ready to begin. The club then held the State's first motoring contest at Morphettville Racecourse on 12 November, 1904.

Club members at Belair National Park, during the Opening Run of the season, 1906.

Pioneering motorist and the first South Australian woman issued with a Driver's Licence, Florence May Duncan, at the wheel of Peter Waite's Talbot.

This commitment to motoring was highlighted in 1906, when the first four vehicle registrations in Australia's history were issued to RAA members, including its President Sir Arthur Cudmore and prominent figures like Dr William A. Hargreaves, Dr John Gunson and Peter Waite. This was the same year Dr Hargreaves was issued South Australia's first driver's licence. While on the theme of firsts, RAA founding member, Florence May Duncan, was the first woman issued a driver's licence in South Australia, and possibly Australia.

It was this delight and adventure for motoring that gave rise to the Bay to Birdwood. The inaugural Bay to Birdwood Run was held in 1980, to commemorate the 1906 issuing of the state's first driver's licence to founding RAA member, Dr Hargreaves.

In the early 20th century, as the government introduced new road regulations, RAA evolved from a social club to a powerful advocate and service provider for its members. In 1920, the first RAA Guides were tasked with supervising parking zones and warning members of speed traps. While carrying out these duties, they found themselves helping motorists with mechanical problems. This hands-on, friendly assistance set the premise for RAA's iconic Road Service, which officially began in 1924.

Proudly displaying his RAA membership badge, Dr John Gunson, enjoying the sunshine with family and friends by his Chevrolet (1920s).

RAA Guide, Jack Baker, talking to a member (1920s).

RAA has supported the Bay to Birdwood since its first run in 1980, including with Road Service assistance to participants, and this is a natural partnership given their shared heritage. In 1996, this long-standing relationship was formalised when RAA became the event's major sponsor and naming rights partner, a role it proudly revisits in 2025. Together, RAA and the Bay to Birdwood's deep roots in South Australia's motoring history have fostered a community of drivers, owners, enthusiasts and spectators who gather every year to share stories, showcase their vehicles and celebrate their shared passion for the road.

Lauren Gobbett, RAA Historian

AWARDS AND JUDGING

One of the highlights of the RAA Bay to Birdwood is the judging and presentation of the awards: Concours d'Elegance, Preservation, and the EV Conversion Award.

The **Concours d'Elegance Award** is the most prestigious award category at the RAA Bay to Birdwood. Traditionally presented to the vehicles judged best in show the RAA Bay to Birdwood Concours d'Elegance also assesses the period attire of vehicle passengers. Areas of assessment for vehicles include paint, engine bay, interior, and overall effect. Participant attire is judged according to how authentically it reflects the era of the vehicle.

Introduced in 2016, the **Preservation Award** recognises vehicles that present in outstanding original condition without restoration or modification. The appreciation for untouched and largely preserved vehicles has been growing within the historic motor vehicle community for many years.

In a world-first, and in alignment with a shift within historic vehicle circles, the RAA Bay to Birdwood introduced electric converted historic vehicles in 2022 through the **EV Conversion Award**. The RAA Bay to Birdwood has always welcomed vehicles modified to run on alternative fuel sources, including liquefied petroleum gases. The EV Conversion Award represents a distinct category with its own unique and standalone conditions. EV Conversion vehicles must have been converted from an original internal combustion engine (ICE) and drivetrain to an electric drivetrain and power source in the time following initial construction. Modifications directly pertaining to the operation of the vehicle as an EV are permitted in this category. Non-essential modifications are discouraged.

The RAA Bay to Birdwood would like to express the gratitude to our judges who are recognised experts in the field of motoring and generously volunteer their time at the Awards.

FASHIONS ON THE FIELD COMPETITION

The RAA Bay to Birdwood is a historic motoring event, but sometimes it is fashion that steals the show. Participants are encouraged to dress in outfits that represent the style trends of the early 1900s all the way through to 1995. Like machinery, fashion has evolved considerably over the past 100 years and each unique outfit offers an insight into the broader social and cultural contexts of each period. What we wear tells a story.

These individual stories are unmissable along the 67-kilometre route from West Beach to Birdwood, as thousands of participants wind back the clock.

RAA Bay to Birdwood Awards

The RAA Bay to Birdwood Awards are judged not only on the presentation of each vehicle, but also that of the driver and their passengers. Entrants who assemble outfits that most accurately represent the era and style of their vehicle are awarded the highest number of points. The entrants with the highest combined vehicle and fashion score will be presented with the trophies at the end of the day.

Fashions on the Field Competition

The Fashions on the Field competition has become a major component of the RAA Bay to Birdwood Finish Festival. The event is a chance for participants to have their outfit formally celebrated and compete for wonderful prizes.

Entrants revel in fashion and trends from bygone eras, from top hats to acid wash, go-go boots to shoulder pads, and everything inbetween.

There are three award categories: Best Female Fashion, Best Male Fashion and Best Group Fashion. Entrants are judged on their accuracy, style and presentation, but above all, entrants are encouraged to have fun and be creative.

STUCKEY TYRE SERVICE

Our History

Stuckey Tyre Service was established in 1966 and moved to Brunswick in 1969 where we operate to this day. Founded by my parents Col and Bet Stuckey, it is still a family business. To this day 20 family members have worked in the business.

In 1972 we were appointed as Dunlop Motorsport Distributor and we are currently the longest serving Dunlop Motorsport Distributor in the world. Our slogan "Racing Since 1972" comes from this significant event. Our Motorsport activities have seen us supporting customers in Malaysia, Japan, UK and Europe as well as most Australian racing circuits. This includes Bathurst, where we supplied most winners until 2000 when control tyres were introduced.

Our Tyres

Whilst Motorsport tyres are still an important sector of our sales, we have broadened our product lineup. Since 2000 we were officially appointed Distributors by Michelin Vintage tyres France. These tyres are incredibly important for the Vintage and classic car fraternity, as Michelin continue to make over 100 unique sizes from 12" to 21" rim diameters including metric sizes. Such iconic patterns as Double Rivet, XAS, XWX and TRX are still in production.

More recently Pirelli have appointed us as Distributor for their range of classic tyres. This is exciting news for Classic car owners as Pirelli have developed a range of approximately 50 sizes from 12" to 18", also including some metric sizes as well. Famous Pirelli patterns include CA67, CN36 and P7 Cinturato. So now our product range of tyres for Classic cars includes other famous brands such as Avon, Dunlop, Goodyear Firestone, Excelsior, Vredestein, Goodrich, Ensign, Lucas, Roadmaster and Blockley.

Following the success of our famous Classic range of tyres we now add Antique and Vintage tyres. The biggest name in Vintage car tyres is the Blockley brand, based in England. We are honoured to have been appointed sole Australian Agent for Blockley Tyres and stock the full range. These include vintage tyres in sizes from 15" to 21" and also Beaded edge tyres.

Following our appointment as Blockley Agent, we took over the business of Old World Tyres based in Mudgee NSW. This business specialised in importing tyres for Vintage and Veteran cars. So now we can service the Vintage tyre market with a full range of tyres, tubes and rust bands.

Our Services

Our workshop is equipped with the latest equipment for servicing Vintage and Classic tyres and wheels. In particular we are able to balance classic wire wheels without any ugly weights showing.

Our Mission

Our mission is to expertly supply and service a wide range of quality tyres and tubes for collectible cars. Feel free to contact us to discuss your requirements. Many tyres available from stock, and many more through our worldwide contacts.

Russell Stuckey

Founder and Director of Stuckey Tyre Service

CLASSIC, VINTAGE & VETERAN NOW AVAILABLE

For over 50 years Stuckey Tyre Service has provided quality tyres and service for classic and collectible cars. In addition to carrying fresh stock from these major manufacturers, our worldwide sources can deliver hard to find tyres for correct and concours applications.

Burns & Co

Burns & Co are specialists in delivering auctions featuring Muscle, Classic & Collectable Cars & Motorcycle Auctions as well as Collectables and Memorabilia Auctions. Our auction items are sourced from all over the mainland of Australia and Tasmania and we can provide assistance in getting your items to our facilities in Bayswater, Melbourne (VIC) or Beresfield, Newcastle (NSW).

Muscle, Classic & Collectable Car & Motorcycle Auctions

Our Muscle, Classic & Collectable Car and Motorcycle auctions are conducted every four to five weeks, and feature Aussie Muscle, all-time favourite classics, American, European or Asian icons, as well as motorcycles, entry level club cars, and selected related memorabilia.

Memorabilia & Collectable Auctions

Our Memorabilia & Collectables auctions are carried out regularly on various days of the week with items from a number of areas such as Garagenalia, Petrol & Oil, Milk Bar, Automotive, Tyre & Battery, Antiques and household to name a few.

We're also experienced in conducting auctions to disperse significant collections and deceased estates, which can be held at our auction facilities or on-property depending on the logistics involved.

All our auctions receive widespread pre-auction marketing, significant social media saturation, and enjoy delivery into our significant database. Auctions open around 10 days prior to the auction ending for online pre-bidding, and dependent on the auction type, any or all of in-person, telephone and absentee bidding are also available.

While we travel Australia wide to deliver onsite auctions, the majority of our auctions are conducted from our state-of-the-art Bayswater, Victoria facility.

For an obligation free, confidential chat about selling your items through Burns & Co's record-breaking auctions give Ashley Burns and call today on 0408 618 294.

Keep an eye out for our Auction dates on our website (www.burnsandcoauctions.com.au) or find us on Facebook (www.facebook.com/BurnsAndCoAuctions/).

HOLDEN & ME

On 20 October 2017, the last siren sounded at the Holden factory in Elizabeth. The effects of this loss rippled throughout the motoring industry, but perhaps nowhere more so than in South Australia, where Holden was born and bred. For many, Holden was more than just a job, brand, or factory; Holden was an identity.

Holden and Me explores the astounding impact that the company had on South Australian people, places, and industry. Since opening as a physical exhibition at the National Motor Museum in 2021, it has now expanded to an online experience, incorporating content from multiple Holden exhibitions in the Museum's archive. The website combines personal objects and oral histories from the original exhibition with more digitised materials to paint a portrait of the legacy the company has left in our lives. There is also space to submit your own personal Holden memory. Additionally, it includes curriculum-aligned educational materials, enabling younger audiences to develop their history skills while keeping the Holden legacy alive.

The project was supported by an Australian Research Council linkage grant and undertaken in partnership between the University of Adelaide, Monash University, National Library of Australia, General Motors Australia and New Zealand, and the National Motor Museum.

By the late 1970s, Australia's motoring landscape was changing. The big family sedans that had ruled the roads for decades were beginning to feel their age. Chrysler's trusty Valiant, a staple since the 1960s, was nearing the end of the line. Ford and Holden were experimenting with smaller four-cylinder cars, while Chrysler's own attempt – the Centura – hadn't quite hit the mark. The question was clear: what would take the Valiant's place?

The answer came from Chrysler's growing partnership with Mitsubishi. At first, the Japanese-designed Sigma offered a glimpse of the future, though it wasn't easy to win over drivers used to wide, roomy Aussie-built cars. When Chrysler sold its Australian operations to Mitsubishi in 1980 to form Mitsubishi Motors Australia Limited (MMAL), the stage was set for something bold and new – a car designed not just for Australia, but in Australia.

Engineers got to work. Taking the Mitsubishi Galant as a base, they widened the body to give it the space Australians demanded. They paired it with a strong, locally built Astron engine, later joined by the smooth Cyclone V6, and introduced front-wheel drive for the first time in a large locally built sedan. The result was unveiled in April 1985: the TM Magna.

Built at Tonsley Park in South Australia, the Magna was more than just another new car – it was a statement. Modern, comfortable, and unmistakably Australian in its proportions, it struck a chord with families right from the start. Over the years, the Magna would evolve through many versions, becoming a fixture of suburban driveways and long holiday road trips alike.

Even the later chapters have a special place in Australian memories. The Magna became the first Australian mass-manufactured passenger car to offer AWD in December 2002 with the release of the "Quadtec" system. The last Magna, the TW, might not have topped the sales charts, but its advertisements – set to the New Radicals' hit *You Get What You Give* – gave the brand a catchy soundtrack. And who could forget Tom Phillips, Mitsubishi Australia's larger-than-life CEO, appearing in the ads himself? To many, it felt like you were buying your car from Tom, not just from the dealer.

Forty years on, the Magna stands as a proud achievement of Australia's automotive industry – the first Mitsubishi designed and built right here. For those who drove one, grew up in the back seat of one, or still cherish one today, the Magna is more than just a car. It's part of our story.

SA'S OWN 40 Years of the Mitsubishi Magna

First Generation - TM 1985-1987, TN 1987-1989, TP 1989-1991

Examples of the three generations of Magna built between 1985 and 2005, in both sedan and wagon body styles. Image Credit: Mitsubishi Motors Australia Limited.

Second Generation - TR 1991-1994, TS 1994-1996

Third Generation - TE 1996-1997, TF 1997-1998, TH 1999-2000
TJ 2000-2003, TL 2003-2004, TW 2004-2005

ALL BRITISH DAY 2026

ECHUNGA RECREATION GROUNDS

Sunday 22nd February 2026

ENTRANTS: The website is open for entries and closes 1st December 2025. Our theme will be recognising the role British Fords made to British motoring. Please visit the website for further details.

SPECTATORS: Enjoy South Australia’s biggest all British vehicle show with hundreds of historic and classic cars, trucks, commercials and motor cycles displayed on two ovals. There are general interest and automobile stalls and many activities for children. Opens 10.30am to spectators and closes at 3pm.

Adults \$13 Children 6-18 years \$5 Family \$28

FURTHER DETAILS: www.allbritishday.com

FINAL WORDS THANK YOU

The History Trust of South Australia would like to thank all sponsors, partners, suppliers, and organisations for making this event one of the world's great historic motoring events. A special thanks is extended to the RAA Bay to Birdwood Advisory Committee, which provides strategic advice on the future directions of the RAA Bay to Birdwood, and to all volunteers who kindly donate their time, enthusiasm, and energy.
